

Let Our Family Help Protect Yours

A Family-Run Mortgage
And Protection
Brokerage

Let's Talk About Trust

We're not your typical brokerage...

We believe in bringing the same values and family-oriented approach to business that we do to our personal lives. And that's why we built our business on those principles from day one: honesty, accountability, and transparency. We believe that great service starts with a personal touch, so we pride ourselves on not being corporate in our approach to business.

How We Can Help You

At Straker Financial Services, we believe in providing the best customer service possible. We're always here for you, whether you're a first-time buyer or a property developer, or maybe you are looking for the best insurance policy that will provide peace-of-mind and save you money. Whether it's a simple mortgage or a complex insurance policy, we'll work with you every step of the way to ensure you get exactly what you need and at the best price.

Our Experience

We've have over 20+ years of industry experience and we know how to make things happen. We have a wealth of knowledge and experience, and we've created strong relationships with our associates, who help us find the best options for you. We are a team of professional and friendly advisers who pride ourselves on our personal service and high quality advice.

Our Back Story

Our story starts over 20 years ago, when Deanne Derbyshire became a qualified Mortgage and Protection Broker for a leading financial corporation. She continued to work in this field for several years before deciding to go out on her own, setting up Straker Financial Services. Since then we have expanded rapidly and now include numerous brokers and advisers across the UK. We keep our core family values at the heart of everything we do, while continuing to provide excellent service to all of our clients.

“

We are experts in
residential mortgages,
buy to lets,
remortgages, product
transfers and
commercial mortgages.

As well as all
insurance types.

”

Financing a Property

You've got a big life ahead of you, and we're here to help you get there. We know that life can be busy—and that's why we have access to over 12000 mortgages and 90 lenders to give you the best possible deal. Whether you're a first-time buyer, a home mover, or landlord, we'll find the right mortgage for your needs.

If you're self-employed or on a zero hours contract, it can be hard to get a mortgage without expert advice. Luckily, there are lenders who accommodate such scenarios...so get in touch with us! We can help.

And if you have bad credit? Don't worry! We've helped our clients in cases of late payments, CCJ's, DMP's even bankruptcy—we'll make sure you get the loan that works for you!

We Source the Best Insurance Policies

We at Straker Financial Services understand that buying insurance can be a confusing and daunting process, and that's why we've made it our mission to provide an honest and transparent service that's built around our core values and business ethos, treating people how we want to be treated—with honesty and respect. We believe in finding the best possible deal for our clients whilst always on the lookout for ways to save them money.

**Our foundations
is family core values**

“

The team have been fantastic at supporting me through obtaining a mortgage for a LTD company purchase.

”

“

A fantastic mix of kindness and professionalism, as well as incredibly well informed and connected.

”

Why Use a Specialist?

Save Time

When you use a broker, you're getting advice from a professional who already has experience with the market and knows what properties are out there. He or she can search for the right deal for you instead of you having to do it yourself.

Save Money

A mortgage and protection broker can help you to save money by helping you to find the best deal for your circumstances. A good broker will assess your needs and make a recommendation that is right for you financially. A good broker will also look beyond the best rate and take any applicable fees into account.

Access to More Products

When you work with a mortgage and protection broker, they will help you find the best lender and provider for your needs. Your broker may be able to offer products that aren't available to the general public.

Expert Advice

UK mortgage and protection brokers must be certified to practice, so you can ask any professional you speak to about their credentials. They have a duty of care for their customers and are committed to helping you find the right mortgage and/or insurance.

Help with Paperwork

Applying for a mortgage or insurance requires paperwork, whether it's forms to fill in or your own records to sort through. Working with a broker saves you time by someone who knows exactly which documents you need as well as what forms have to be filled out.

Help with the Application Process

A mortgage and protection broker can handle the paperwork and application process for you. They are also used to spotting delays, and will chase them on your behalf.
